

*Mapleton Forest Run – 17 April 2011  
Hare - Shorttime*

*About 25 hardy souls turned out for the Inaugural Mapleton Forest run.*

*The rain held off as the runners headed north in a clockwise route and the walkers headed south in an anticlockwise direction.  
Last runners home in about 90 mins followed by Monty.  
Excellent steaks and plenty of piss was enjoyed by all. The mob dispersed by about 1pm and Monty went back to the Shorttime residence for more beer followed by a few schooners at the Tavern. Cock Robin did not make an appearance so there was peace in the forest.*

*A great initiative - lets do it again. The Caravan park was excellent but walking to the toilet in the middle of the night in pouring rain was an unwanted experience.*
