

## Run 2177 November 7th

### Sand Dancer Run (joint Northside run)

Hares: Even Optus and Leech

The two packs gathered at Curlew park, although many of the Brisbane Men's HHH were early as we had such a long distance to Travel – we wanted to get in early..... We were also in the wrong Carpark. Moving to the correct location both clubs assembled with a few dickless runners in amongst us..... **Ring-Piece** was already in the parking area with his 18,000,000cc Honda Bigfuckoffbike and was giving out Free test drives for AU\$ 10.00 each.

We started late again at 18h30!!! One has to ask why is the Brisbane Hash subservient to all the other break away hash clubs. We start religiously **at 6:15pm**. Now that that's off my chest and after a very brief brief, the hares called the on to the South West. Immediately we were hit by the First CB. Although obvious it still caught out the whole pack. It was good running with a large crowd and a couple of the Northside Hashers were pretty good runners leading the charge. The Northside hash horn produces some 'F minor' calls that confused the Brisbane Men's hash. Of course the Brisbane men's are used to high quality musical jingles. I must say if there was a Hash Horn competition, The Brisbane men's hash Horn would be outstanding. He has great poise when blowing the horn, a straight upstanding member of the community, produces such a great clear note that reverberates around the running course, gently guiding lost runners home, he has a highly musical ear and is just an all round damn fine outstanding fellow, in fact at the next hash night I think everyone should buy him a beer!!!!!!The pack was kept together by some good trail marking and I myself was caught by almost all the CB's. **Scruffy** who was beside me was cursing as he was following blindly. On-on the pack went, and around the back streets of Sandgate, many of the Brisbane Hash had to follow the trail religiously as local Knowledge was not apparent in this far away location. **Ringpiece**, looked like he knew where he was going, so I kept close to him. **JC** and **Floater** got caught at a few two ways and ran some additional Kilometers for their efforts. Eventually we came to the sea front and it was here we Lost **Ringbark** and many other Hashmen as we split into two groups..... together..... sort of..... We ran along flinders parade, to the last RG. After a quick song we continued along the Parade past the Sandgate pool to some parkland. From there the remaining Hashmen ran up a flight of stairs, and at the top there was shinning beacon of light.... It was pub. It was all we could do to

prevent ourselves from stopping (where I may add a most of the Walking dead, did stop) before it was back on trail and a short sprint back to the On on.

The Circle was large and confusing affair, with a bit of a singing competition. The hash Anthem was the outright winner (in my humble opinion). There were several Icings and a few announcements. There was an attempted 'Nash Hash' plug – which was hastily stopped, and the SOTW was announced I think. That Hash Nosh was great with AU\$ 3.00 steak rolls. The piss was provided from North side at AU\$2.00 a tin. Overall a great run, really well marked and the CB's, Two-Ways a caught most of the runners out at almost every turn. and the night was worth the long haul northwards, for a good bit of seaside exercise.
