

Brisbane Hash House Harriers Run No 2192

20th February 2012 Pineapple Tavern Run

Hare : Divot

Raymond Park, Kangaroo Point, Monday night, the elite and not-so-elite runners and walkers were gathered for what must be the highlight of the week, for most of them. A chance to trade the nagging and abuse of their spouses for the camaraderie and abuse from their Hashmates. At least at home you don't have to sit on the ice.

Hare, **Divot**, was abandoned once again by his co-hares **Meatihore** and **Hi-Riser** but that's no great loss as **Divot** assured us that he was the brains of the trio and promised us a great run.

Brics had his great little dog, **Bonza**, along for the run and was soon joined by **Boxa**, carrying little **Roxy**. Fark knows what has happened to **Boxa**, he used to be such a tough karnt, never flinched once when he was getting a whipping at the **Pinkenba** and now here he is carrying little **Roxy**.

GM, **Scruffy** got proceedings underway and the pack was off across the park with **Tinkerbelle**, **JC**, **Even Optus**, **Bugs**, **Craft** and **Chips** all jostling for the lead (not a race, remember) Along Rawlins St, Thomas St and over Shaftson Avenue. Down to Dockside and then a left turn up to the Story Bridge pub area. From there it was across the road and down onto the bike track. It was difficult for the **FRTs** to hold their concentration as there were several running groups of the big tits and nice arse variety. Along the boardwalk and up the bloody steps to the top of the Kangaroo Point Cliffs, what a surprise that was, eh? Regroup and song at the top and then along the top of the cliffs.....this is where all **Divot's** fine planning seemed to turn to shit. Arrows for walkers, arrows with XXs near the Mormon temple, pointing home and apparently arrows pointing down the second set of stairs to Lower River Terrace. The majority of the pack headed for home, led by **Verbal**, **JC** & some other **SCBs**.

On arriving back at the park the pack had to wait a helluva time for **XXXX** to arrive as he couldn't decide if he was doing the full run or being a **SCB**.

Eventually all the runners were present at the circle. Looks like only four runners completed the full run. They were **Craft**, **Bugs**, **Even Optus** and **Chips**.....fine bunch of men.....dedicated and true right to the end.

Layup took control of punishing the weeks miscreants :-

Boxa, for allowing **Roxy** to evacuate her bowels on **Kimbie's** hallowed ground

Chardarse, for embarrassing a fellow Hashmen (Not an easy thing to do) by shouting "**Pay yer fees ya Bastard**," at some supposedly posh area that **Chardarse** and **Tampon** frequent.

Chardarse was awarded the **Shit of the Week** award but really he was only doing his job and looking after the interests of all fee paying Hashmen so we should really be grateful, I suppose.

Next time I do a run report I'll do it as soon as possible after the event....my memory doesn't extend to 6 days.
