

Brisbane Hash House Harriers Run No 2197

26th March 2012 Bogan Melon Run

Hares : Tinkerbell, Sperm Whale, Hand Job & Jack-Off

46 Hashmen turned up for this run but only 10 brave souls actually participated in what was a great run. Road running, rail crossings, pipe crossings, lots of shiggy and **Coco's** juicy melons....what more could a Hashman ask for?

GM, Scruffy, called on the bogan hare, **Tinkerbell**, to give a brief description of the run and at 6.15 pm it was off up Hilda Street with **Miles O'Toole** and **Pussy Galore** leading the pack. Up past the pioneer graves and then down Kathleen Street, through the Corinda Railway Station and over Oxley Road. **JC**, fresh back from his 5k sprint at Mooloolaba and looking magnificent in one of his **freshly ironed tee-shirts**, surged to the front at this stage along with **Floater, Chips, Scruffy & Craft**. A CB on Donaldson Street followed by another on Clewley Street allowed **Catgut, Even Optus &**

Grewsome to move to the front as they entered Martindale Street and then headed along the river, on to Sherwood Road, over Oxley Creek to a 360 check, near the markets. After a bit of searching for the trail it was off through the long grass, over a high pipe on towards the rail track. From here it was under a bridge and on to a bike path where the pack was strung out in single file until a CB near Sherwood railway station caught everyone except the **dastardly JC**, who was by this time becoming increasingly concerned about his sweat removing the creases from his **immaculately ironed tee-shirt**.

JC was disappearing off into the distance when he too was caught by another CB so it was into Sherwood Forest Park with **Floater** sprinting past **Grewsome** to be the first to get into **Coco's** delicious melons. After a short regroup here it was out of the park with **Pussy Galore** and **Even Optus** leading up Augustus Street and then down Hilda Street and home to the ON ON.

The hares, **Spermwhale & Jack-Off** had the food cooked and the grog ready for the return of the runners, all 10 of 'em, and the Walking Dead were already stuffing themselves. **Handjob & Tinkerbell** arrived back with **Coco's** uneaten melons and **Scruffy** quickly got the circle underway before handing over to religious adviser, **Brengun**.

As usual there was a reluctance for **Hashmen** to do in their mates for **Shit of the Week** but eventually **Twintubs** was forced to sit on the ice for occupying a bed at one of the local hospitals while poor **Monty** was sitting at home studying the instructions for a DIY hip replacement.

Eventually **Grewsome** (Champion for fair play) called on **Monty** to explain why he had misled **Grewsome** by telling him that there were no arseholes in **Brisbane Mens Hash**. **Grewsome**, on joining Hash 16 years ago had been assured by **Monty** that all **Brisbane Hashmen** were fair and honest. Well that was a load of bollocks, as **JC** proved by his devious, dastardly, conniving act of slippery deception, at last weekend's Mooloolaba Triathlon. Additional charges of **doing the ironing while watching his favourite programme, "The Farmer Wants a Wife,"** sealed the Shit of the Week award for **JC**.

Catgut nominated **Grewsome** on some trumped-up charge for photographing the crutches, bums and tits of scantily dressed, long-legged female triathletes but no one at the circle seemed bothered about that. In fact several **Hashmen** asked for copies of the photos.

The achievements of the **Hashmen** who took part in the Mooloolaba Tri should have been acknowledged but **JC's** indiscretions used up all of the monk's time. Below is a list of participants :-

Veteran, Catgut and **Genitals** all did well in the individual event with only a few minutes separating them.

Craft, Royal Screw, Irish Joke, Anchovy, JC and **Grewsome** participated in the team event.

Run 10/10

Venue 10/10

Food 10/10

Well done hares
