

Run 2199 Easter Run, Tinkerbell.

09 April 12 Norman Buchan Park Rosalie.

There should be more public holiday runs, no traffic everybody relaxed after a few days of R and R.

Tinkerbell and his helper Red Dog had the wood fired BBQ up and running before the run looking very organised. Catgut walked in on his wobbly sea legs having crewed to Gladstone, Bugs needing a run after days of being organised by she who must be obeyed. Glorious Leader Scruffy welcomed a quiet pack of about 28 to run 2199 with promises of fun times next week for the 2200 Committee Run.

Tinkerbell was going for more icings for setting his second run in weeks through private property but told Scruffy not to worry. On On through and around the park up past Rainworth State School heading west towards the bigger hills. Irish Joke and Anchovy powered up the hills after a weekend of bike riding down on the Gold Coast, xxxx being content to trot along the back with your scribe. Good marking kept the pack of 12 together with a lot of good CB,s and 360,s up towards Stuartholme Road into the school and then drop down into Wests League Ground.

Next regroup after the bush we were down to 9 runners of the quality of Craft who stops the clock when we stop and Scruffy looking very fit considering the hills we had done. Bugs was leading the way home but like his politics went left too often leading us down a false trail more than once. A quick stop to repair the bandage on Royal Screws forearm after he took on a hedge trimmer and lost and it was a good downhill run past the school again and home in 55 minutes.

Nothing like the smell of a wood fired BBQ loaded with onions and sausages and a cold beer to welcome you home, it was a good venue with a shelter shed close by in case the threatening rain did come. As we had no Monk Scruffy started the charges, Royal Screw for trying to fix his old trimmer and loosing, Luftwaffe the Chippie for storing timber under his house for a reno only to feed the white ants. Boxer nominated Craft and Verbal {being Skinnychino in another life} for invading his favourite Coffee Shop on Saturday morning and upsetting the joint. As Boxer was unfinancial last week the law says he can't lay charges, apparently, so he was declared S O T W.

Good sausages and onions for a \$1, and beer for \$2 was a recipe for a good small On On that was only cut short when the rain started.

Run 9.0 good country and marking, even won a Down Down not thumbs down.

Circle 8.0 No Monk but we got Boxer anyway

On On 9.0 All good, only stopped by rain.
