

Run Number 2246 : Shower Cap Run – 4th March 2013

Hares: **Pussy Galore** and **Best & Less**

Venue : Vespa Pizza, Merthyr Road, New Farm

As the pack gathered outside Vespa Pizza it was good to see **Mu** back in town for a guest appearance. **Spermwhale** was making rumblings about the need for 3 trails on a Monday night – 1 for the runners, 1 for the walkers and 1 for those such as himself who just want to go to the nearest pub.

The trail headed South with FRBs **JC** and **Tinkerbelle** leading the pack. A loop through the New Farm shopping centre took the pack into New Farm Park and a regroup at the Powerhouse just in time for the walkers to intersect the trail. At a second regroup the runners and walkers were rewarded with free slices of pizza courtesy of the hares.

Along the run the master of bush runs, **Pushup** tried to offer a lame excuse for not turning up at the previous week's Ironman run as **Waste of Time** did not want to drive through heavy traffic in the rain and is too tight to pay the Airport Link tolls which would have avoided the traffic.

This was a good run with well marked trail and good use of 360° checks to keep the pack together.

In the circle we were introduced to the three Nash Hash reps **Hardcock**, **Louis the Fly** and **Sheath** who were promoting the event which takes place over the first weekend in May.

Beachball was immediately ordered to sit on the ice for making remarks about drinking **Snake's** beer each Monday now that **Snake** has paid his fees but only comes to the occasional run. The vote for SOTW was overwhelmingly awarded to **Beachball**.

Food was good value with fixed price \$15 pizzas which were excellent plus beers on tap – score 9/10. A rousing rendition of the Hash anthem led by **Spermwhale** entertained the other diners and staff inside the restaurant.
