Things are looking up for the Hash when even DESPERATE turns up!,

DIMPRICK as usual had already taken off early , Up the pack sped with TINKERBELLE leading the charge, then on up Loame St, up a steep grassy bank on to Eagle St. Already XXXX looked stuffed when they sped down the split road to a dastardly CB and the pack backtracked to a foot path into Affleck St. After the RG, JC led the pack down Goskar Avenue and into Bowral St. PUSSY GALORE stopped to check out the bargains at the corner shop. Crossing the walkers where DOLEBLUDGERS was telling tales of Harriettes in the old days comparing notes on Hashmen's lovemaking-techniques! Q. Why does a Hashman cum so fast?, A. He can't wait to get back to the pub to tell his mates!

Romantic thoughts over, the pack winged onto Banks St and then turned at the catholic church down Havana St. Here the pack was stumped at the dead end until CATGUT spied the side track into the scout den . On up the footpath and back around High St and down to McCormack Ave. ANCHOVIES (2:16 Brisbane ½ marathon) led them across the park and up Bennett Ave. After a break we ran along Brown Parade, into Sleege St and over the creek bridge. After a 3 way the trail led along Creek Ave and into Bank St Reserve-Here the pack got totally lost in the bushes (most hashmen prefer to be in the bushes) and finally spat out into Willmington St. Exhausted they trailed out up Barwood St through Newmarket state school (or what's left of it) up Braeside Tce into Lloyd St, up Elgin St and back into the carpark. WASTE OF TIME (2:25 Brisbane ½ marathon) coming in 2nd last and LITTLE ARSEPLAY last in
