

HASH HOUSE HARRIERS HOBART

See Link: <http://www.hhh.asn.au/>

Hobart Hash have many of their runs well out of town, often having to travel 50km or more.

Layup attended one run in the reserve around the Cascade Brewery and one at a place “Melton Mowbray” 50km north of Hobart. Their next run is at a place called Copping a good 55km towards the Tasmanian Peninsula.

The Hobart Hash seems to be content to travel large distances and always have a BBQ in the bush. Great Circles experienced, many SOW’s and down-downs.
